All the high Gems,					

*Duplicates of which are very numerous, to be sold or exchanged.*

*Directions to Travellers, or Collectors of Rarities at Home or Abroad, by Sea or Land.*

**A**NIMALS, Vegetables, &c. in all their various Stations, are Ornaments to the most elegant Collection, Names, and Country, viz. Fishes, Serpents, Lizards, Fruits, &c. are easily preserved in Arrack, Rum, Brandy, in many Spirits, or in a strong Pickle, or Brine of Sea Water; to every Gallon of which put four Handfuls of common or bay Salt, with two Spoonfuls of Allum powdered, in a Pot, Bottle, Jar, or Cask, well stopp'd with Cork pitched

Large Fowls; if we cannot have them Whole, their Heads, Legs, and Wings are acceptable: Small Birds are easily preserved by opening their Bodies under the Wing, and taking out their Entrails. Stuff them with Oakum or Tow, mixed with Pitch or Tar, and being thoroughly dried in the Sun, wrap them close, and keep them from Moisture

The Eggs of all, with the Nests of the small, not omitting those of Snakes, Lizards, and Tortoises, Sea Eggs, Urchins and Stars.

Plants; take Part of either Tree or Herb with Flower, Seed, or Fruit, but if none, gather them; and if the Leaves, by the Root, differ from those above, put both into a Book, or a Quire of Brown Paper (which you take with you) as soon as gathered, and once a Week shift them to save them, or the Paper.

Plants, Seeds, and dry Fruits, as Nuts, Pods, Heads, Husks, &c. with their Leaves, Flowers, and Fruit, if possible, dried and wrapp'd in Paper; also a Piece of the Wood, Bark, Root, Gum, or Resin, of any Tree or Herb that is remarkable for Beauty, Smell, or Use.

Insects; as Beetles, Spiders, Grasshoppers, Bees, Wasps, Fire-Flies, &c. may be drowned as caught, in a wide mouth'd Glass or Phial of the said Spirits or Pickle, which you may carry in your Pocket. Butterflies and Moths, or Night-Butterflies, having mealy Wings, which may be rubbed off with the Fingers, should be pin'd when caught, and give the Body a Pinch to put it out of Pain.

The best Method to preserve their Beauty is to pin them in a Chip or Cork bottom'd Box, covering them with Tobacco Dust, Snuff, or beat Pepper, to save them from devouring Insects.

### *Directions to Travellers, &c.*

Sea-Shells are very acceptable, yet the Land and Fresh-water are the most rare: Get them alive, and keep them Whole.

Shells, &c. not otherwise to be had, are to be found in the Stomachs of various large Fish, and sometimes in small, as Soles, &c. and on the Backs of Whales, &c.

Oysters, Cockles, Scollops, &c. viz. Bivalves, or Shells in Pairs, should be preserved with their original Ligaments or Fixtures.

Sea and Water Shells of the Trochi, Wilk, Snail, Volute, or Buccina, &c. Species, have an Operculum or Door (without which they are not complete) these they shut when at Rest to defend: the few without, adhere to Rocks or Ground for Defence.

Clear the large of their Fish, without boiling if possible; the small may be kept with the Operculum, and Fish in them, without Offence, in Bran, Sand, &c. to be dry.

Boiling often hurts, and even changes the Colour; as Lobsters, Crabs, &c. Corals, and all Sea Plants, Weeds, &c. are beautiful.

Never let your Shells, Corals, &c. be touched with any corroding Acids, such as Spirit of Salt, Aqua-Fortis, Vinegar, &c. which will entirely destroy or exhaust them.

Small } Specimens } Large } Animals and Shells  
Large } of the } Small } are most esteem'd,  
when the different Sizes cannot be had.

All coloured Stones, Earths, Clays, Minerals, Metals, and Ores, to be taken as you find them; Stones as have any Resemblance to Shells, Fruits, Wood, Bones, &c. to be got as intire as you can; and Slates that have the Impression of Plants, Fishes, Insects, or other Bodies in or upon them; found in Quarries, Mines, Pits, Caves, or wherever the Earth is opened.

*N. B.* Amongst Plants, the most common Grass, Rush, Moss, Fern, Thistles, Thorns, or vilest Weeds you can find abroad, may meet with the same Acceptance as scarce Plants; so in all other Things the most common as well as rare, *i. e.* whatever you meet with, may prove acceptable Presents, and have gained Preferment, where Money could not avail.
